

STAYING TOGETHER WHILE WE ARE APART

Friendly Challenge

Issue a challenge to one or more friends.

Take a photo/video of that challenge to send to one another. You could share:

- ❖ snack you made yourself
- ❖ creative sidewalk chalk drawing
- ❖ wackiest race
- ❖ funniest joke
- ❖ tallest block/card tower
- ❖ cleanest bedroom
- ❖ clever pet tricks
- ❖ silliest smile

Snack and Share

Choose a time to “meet” each week (Zoom, Google Hangout, Facetime). Grab your favorite snack and share your favorite...

- ❖ movie
- ❖ book
- ❖ toy
- ❖ cozy space in your house
- ❖ video game

Get Personal

- ❖ **Remember Together:** Make a video, drawing, or a story of time you shared together. It might be on a field trip, a special project in the classroom, or over lunchtime.
- ❖ **Pray for One Another:** Create a prayer wall by putting up a picture of your friend(s). Use post-it notes to record prayer requests and thanksgiving by the picture. Pray for each other. Connect and find out how God is answering that prayer.
- ❖ **Snail Mail:** Create a card or draw a picture and mail it to your friend.
- ❖ **Truth or Fiction:** Create a quiz about yourself which includes truths and fiction. Ask your friends to play and find out who knows the most about you. Each friend can create a quiz.

Game Time

Play a game over Zoom, Facetime, Google Meet, or some other platform

- ❖ Discover a game where you have all the pieces in your home but could share a board or score card. For example, you could play Candyland and have one person decide to move the pieces while drawing cards from each person’s home.
- ❖ **A Home Treasure Hunt:** Have one person put together a list like something green or five of something. Make up about 10 items for the list. Read them one at a time and give participants 1 minute to locate that item and bring back to show the others.
- ❖ **Twenty Questions:** Have one person put an item in a bag or pillowcase. Have friends guess what might be in the bag by asking yes or no questions. Enjoy revealing the item in front of the camera.
- ❖ **I Spy Adventure:** 1. Put an object in different places around your house and take a picture of each scene. Post the pictures and ask your friends to find the designated object in each picture. 2. Take a picture of a scene in your house. Change one thing and take another picture. Post both photographs and ask your friends to find the difference.
